

WORK VAN SOLUTIONS

**FLOORING INSTALLATION INSTRUCTIONS**

**TOOLS REQUIRED**

- Rubber Mallet
- Drill/Screwdriver
- 6mm Hex Bit
- Sockets or Allen
- Wrench

**PARTS**

- Flooring Panels - Qty \*
- H-Channel - Qty \*

**HARDWARE**

- #8 x 0.5" Black Flat Phillips Head Screw - Qty \*
- 1/4-20 x 1/2" Phillips head screws - Qty 8
- 1/4-20 X 1/2" Threaded Insert- Qty 8
- M8 x 1.25" Flanged Button Head Screw - Qty \*\*
- 22 mm Spacer - Qty \*\*

\* Qty Dependant on Sku

\*\* Only provided if OEM D-ring/tie down are located on the floor of the van.

**Step 1:** Remove all OEM plastic trim, OEM D-rings/tie-downs, and any other parts present on the vehicle's floor.

**Step 2:** Align the first panel of the floor behind the seats aligned with the contour of the vehicle's metal floor. See image on following page.

**Step 3:** Starting at the driver's side wall, slide an H-Channel extrusion onto the rear edge of the panel. If needed, use a rubber mallet to ensure the floor panel is fully seated into the rail along the entire edge of the panel. The first extrusion may be shorter than the panel to allow for the installation of the side sill plate in step 7.

**Step 4:** Place panel 2 on floor and slide into the first h-channel. Repeat with each floor panel and H-channel in order from front to back of vehicle. Use the rubber mallet at each step to ensure the panels are fully seated in the H-channels.

**Step 5:** Using a screwdriver or a drill on the lowest setting, insert hardware into pre-drilled holes in H-Channel until snug. Do not over-tighten.

**Step 6:** To secure the sills, install the threaded insert in the pre-drilled holes in at the side and back flooring panels using a 6mm allen socket. The top surface of threaded inserts should be flush with the top of the flooring panel. Do not overdrive the insert nut so that it is recessed in the flooring panel.

**Step 7:** Secure side and rear sill plates using 1/4-20 x 1/2 Phillips head screws into the threaded inserts using a drill on the lowest setting or screwdriver. Do not over-tighten or use an impact driver.

**Step 8:** If applicable, replace OEM trim, D-rings/tie-downs that were removed in step 1. Longer D-ring bolts are provided in the hardware kit to accommodate the dimension of the flooring.

**Ford Transit 148" RFFT48-5-01**

# WERNER CO. LIMITED LIFETIME WARRANTY FOR WEATHER GUARD® PRODUCTS

## WEATHER GUARD® Products – Limited Lifetime Warranty

(Purchased on or after 1/1/2009)

WERNER CO. (the “Manufacturer”) warrants to the original purchaser only that WEATHER GUARD® Truck and Van Products (the “WEATHER GUARD® Product”) will be free from defects in material and workmanship from the date of purchase and continuing for the expected lifetime of the WEATHER GUARD® Product. A copy of the original sales receipt must be supplied to the Manufacturer at the time a warranty claim is made. This warranty terminates if the original purchaser transfers the WEATHER GUARD® Product to any other person.

### What is Covered

All WEATHER GUARD® Products identified above that are purchased on or after January 1, 2009.

### What We Will Do To Correct Problems

Subject to the limitations and exclusions described in this limited warranty, the Manufacturer will remedy defects in materials or workmanship by providing one of the following remedies at its option and without charge to the original purchaser for parts or labor: (a) repairing the defective portion of the WEATHER GUARD® Product or (b) replacing the entire WEATHER GUARD® Product. In addition, the Manufacturer may elect at its option, not to repair or replace the WEATHER GUARD® Product, but rather issue to the original purchaser a refund equal to the purchase price paid for the WEATHER GUARD® Product or a credit to be used toward the purchase of a new WEATHER GUARD® Product.

### What is Not Covered

This limited warranty expressly excludes:

- Defects caused by normal wear and tear, cosmetic rust, scratches, accidents, unlawful vehicle operation, or modification to the product, or any types or repair of a WEATHER GUARD® Product other than those authorized or provided by the Manufacturer.
- Defects resulting from conditions beyond the Manufacturer’s control including, but not limited to misuse, overloading, or failure to assemble, mount or use the WEATHER GUARD® Product in accordance with the Manufacturer’s written instructions or guidelines included with the WEATHER GUARD® Product or made available to the original purchaser.
- Damage to the contents of the box or vehicle.
- TO THE EXTENT PERMITTED BY LAW, IN NO EVENT SHALL THE MANUFACTURER BE LIABLE FOR ANY INCIDENTAL, SPECIAL, INDIRECT, OR CONSEQUENTIAL DAMAGES, INCLUDING ANY ECONOMIC LOSS, WHETHER RESULTING FROM NONPERFORMANCE, USE, MISUSE OR INABILITY TO USE THE WEATHER GUARD® PRODUCT OR THE MANUFACTURER’S NEGLIGENCE.

### No Other Express Warranty Applies

This Limited Lifetime Warranty is the sole and exclusive warranty for WEATHER GUARD® Products. No employee, agent, dealer, or other person is authorized to alter this warranty or make any other warranty on behalf of WERNER CO.

### Notification Procedures

If the WEATHER GUARD® Product does not conform with the terms of this limited warranty, the original owner must promptly notify the Manufacturer in writing upon discovery of the nonconformity. In order to receive the remedies under this limited warranty, the warranty claim must describe the nature of the nonconformity, and a copy of the original sales receipt, invoice, bill or other proof of purchase must accompany the claim. Repairs or modifications made to the WEATHER GUARD® Product by other than the Manufacturer or its authorized agent will nullify this limited warranty. Coverage under this limited warranty is conditioned at all times upon the owner’s compliance with these required notification and repair procedures. Warranty claims must include reciprocal contact information and may be made via certified mail to:
